Yellow sunshine, white clouds, green copper, friendly people, peaceful, open, far from noisy life, urban place, come and sense with [Vietnam Visa](#) and Trip Guides.

Duong Lam ancient village from Hanoi city center about 44km, from the town of Son Tay, you can combine both the ancient city of Xuan Khanh visited in his travels. Here you can visit the old house had a long to bring the house and into a separate ancient features. The houses moss covered walls, the bricks faded over time, all provide a definition indescribable peace. This ancient town is very suitable for picnics and tour. You can rent traditional toys like tunic, ao tu than... to store all your photos and memories for your group. Admission typically 15.000 to 20.000 range from rents clothes from 40.000 – 50.000 / set.

Ba Vi National Park is located 60km from the capital Hanoi to the west, an area of about 35,000 hectares in 16 districts of Ba Vi mountain commune, Thach That District, Hanoi. Ba Vi National Park has fresh air and cool, with a stream throughout the year, with many beautiful tourist landscape, majestic as Thien Son – Suoi Nga, Ao Vua green, Ho Tien Sa... Also here are many historical, cultural, such as the Thuong Temple, Middle Temple, Temple House, Uncle Ho Temple, Bao Thien Tower... Moreover, the Ba Vi National Park with rich flora and fauna, rare diversity in types and quantity will certainly be very attractive to those who like to explore and enjoy the charming nature.

The common feature of Bavi driven by factors North latitude, monsoon mechanism, the coordination between the monsoon and latitude create a humid tropical climate with cold winters and dry. The average annual temperature in the region is 23,4°C. In the lowlands, low temperature down to 2,7°C; high temperature up to 42°C. At an altitude of 400m 20,6°C annual average temperatures; From the height of 1000m and above the temperature fell to 16°C. Absolute low temperature can down 0.2°C. High temperatures 33,1°C absolute. Average annual rainfall is 2.500mm, unevenly distributed throughout the year, focus on July, 8 months 86.1% humidity. Usually dry lowlands in December, January 1. From the elevation 400m or more without dry season. North winds winter with frequency > 40%. Southeast winds Summer with tons of 25% and the South West. With this feature, this is the ideal holiday resort and tourist area rich in potential but untapped.

You can visit the Ba Vi whatever time of the year, but the best period in summer – from April to December 10. Because summer air in the city is very hot and stuffy just set foot on Ba Vi, you will feel like entering a completely different world with clean air, cool and especially very quiet. Note avoid the rainy day as ramps, slippery and very safe. But if they come in the winter cold and fog, will affect your vision.

With 11372 ha area for you to unleash your visit and explore. You can visit online are divided into 3 obvious characteristics, psychic online with temples, ancient temples; explore the ruins line the French with summer camps, ancient churches, the oldest political church, have worn out over time; finally the tourist route to explore nature with botanical gardens, forests, lush green springs, ultra fresh you feel relaxed, away from all the noisy, stressful place prosperous capital.

In Ba Vi not many big hotels, resort. However, it can meet the needs of your stay. If you want to choose [luxury hotels in Hanoi](#) for a long vacation, choose hotel Lam Ky in Son Tay (Address: 119 Quang Trung, Trung Hung, Xuan Khanh Hanoi). The hotel has some rooms make great, modern amenities, but a bit far from the tourist spots in Bavi (about 12 km). If you want to choose a place to stay closer, you can stay at the Bach Duong hotel on the way Aries located in the Ba Vi National Park. And you just stay short, you can stay in hotels even in tourist areas such as Ao Vua hotels, Dam Long hotels, hotels compartment Green ...
